

Putting Cup - 6" - Set/9

R600103

Details

Providing spectacular, enhanced hole visibility, they accelerate play on the green, all but eliminating pin tending, and increase tee-time capacity by 10-15%. They also stabilize soil around the top of the hole, preventing erosion and desiccation, and seal in moisture for the grass roots. Flexible, economical and reusable (6-8 weeks average). Approved by the US Golf Association for "Official USGA Handicaps." Set of 9.

- Enhances hole visibility
- Speeds greens play
- Increases tee-time capacity 10 to 15%
- Stabilize soil around the top of the hole
- Approved by USGA
