

Elvex Sphere-X Ultimate Safety Glasses

- Copper Blue Blocker

R7068BB

Details

Contemporary wraparound ballistics-rated protection safety glasses for harsh industrial environments. Excellent for intense outdoor sun glare reduction with "blue blocking" properties to reduce outdoor haze and increase contrast. Unique frame design with ventilation slots. The adjustable 4-length drop temples gently hook behind the ears for a custom fit, reducing slippage during work activity. The soft, self-fitting rubber nose bridge conforms to a wide range of bridge sizes to enhance comfort and secure fit. Black vented frames. Meets ANSI Z87.1, CE EN-166, Ballistic Vo rated for impact.

- Protects eyes from harsh industrial environments
- Wrap around design with ventilation slots and SuperCoat lens to allow air to vent, minimize fogging
