

Treegator Jr Pro - 14 gal

R8185

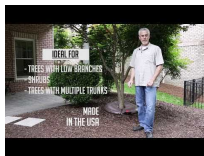

Details

Professionally water any newly planted tree or shrub with a Treegator Jr. Pro Slow Release Watering Bag! Dual emitters continuously provides water over a 5 to 8 hours time period with no run-off. Brown color and low profile blends with existing landscape and reduces visibility while in use. Installs in minutes with no tools. Requires filling just 1 to 2 times per week. Just place, fill, and walk away!

- Fits trees 1" to 4" diameter
- Eliminates hose watering
- Saves labor costs
- 4-6 hour continuous watering
- Reusable
