

CTEK 12V Battery Analyzer

RCTK56-925

Details

Accurately tests the condition of all types of 12V lead-acid batteries including Wet, Maintenance Free, Ca/Ca, Gel and AGM. Easy to use, it provides fast, and easy to understand results. Operating voltage range is 8-15V with a test range of 200-1200EN. Simply connect the clamps to the battery and follow the step by step instructions on the display. Gives clear information on the condition of any 12V lead-acid battery and advises what action is required. With no need to disconnect the battery from the vehicle, the patented technology used by the CTEK BATTERY ANALYZER is safe for the user and vehicle electronics. It is reverse polarity protected, creates no battery loads, heat or sparks.

- Easy to use
- Includes quick connect clamps
- Fast, accurate results in seconds with screen display
- Safe, no heat or sparks with no load on battery while testing
- Designed for all 12V lead-acid batteries with no adjustments

Specifications

Manufacturer	CTEK
Manufacturer's Warranty	2 year
Type of Batteries	12v Lead-acid Batteries (WET, MF, FEL and AGM)

O.J. Company

294 Rang St-Paul Sherrington, J0L 2N0
450-247-2758
