

Deluxe Tape Measure - 1" x 25'

R11010

Details

Totally unique 1" x 25' tape measure designed to find the center automatically. The center number strip gives you the half way point for all blade markings to avoid mistakes. No calculations necessary. Blade markings are readable from BOTH sides of the tape. Great for left or right handed use. Pause and brake buttons for temporary "pause" during extending or measuring and to avoid injury to fingers. Quickly and easily marks for studs with color-coded brackets at 16" and 24" intervals.

- Finds center automatically
