

Rain Bird ESP-TM2 Controller - 8 Station

120VAC
RGF44228

Details

The ESP-TM2 irrigation controller is the perfect option for basic residential solutions. Building upon Rain Bird's legacy of The Intelligent Use of Water, this controller offers simple water saving features that you will actually use. With the flexibility of 3 programs and 4 start times available per program, you can tailor your watering schedule to your landscape's needs. The ESP-TM2 provides the Extra Simple Programming interface you are familiar with in a controller that is built to last! Best of all, you can upgrade the ESP-TM2 into a WiFi-enabled controller by simply installing a new LNK WiFi Module, without having to replace the entire unit.

- **QUICK TO INSTALL** - Available in 4,6,8, and 12 station models. Suitable for indoor or outdoor installations. Factory installed outdoor rated power cord for your convenience.
- **SIMPLE TO PROGRAM** - Quickly program a schedule in just 3 steps. 3 available programs with up to 4 start times each.
- **WIFI CONNECTIVITY** - By simply plugging in a Rain Bird LNK WiFi Module (sold separately), users can access, operate and monitor their irrigation system.
- **ADVANCED FEATURES** - Contractor Default allows you to easily save and restore your custom schedule. Delay Watering up to 14 days and automatically resume watering after the set delay has elapsed. Bypass Rain Sensor for any station gives you the ability to
