

Hydraulic and Pneumatic Sealant - Purple - 10 MI RL40400

Details

Solution 34 purple Hydraulic and Pneumatic Sealant is an excellent low-pressure sealing and locking sealant for metal fittings. This versatile and high-quality sealant is designed for optimal flexibility, compatible with gases, hydraulic fluids, oils and solvents. The No-Drip compound prevents vibrations with its high-viscosity and fills gaps to 0.015 in. Works on all metal fittings. Purple.

- Ideal for Hydraulic Fittings, Gases, Oils and Solvents
- Fixture Time 25-35 Minutes. Full Strength 24 Hours
- Low Strength
- Prevents Vibrations, High Viscosity No Drip
- Purple
- 10 ml
