

## Screening Rake 30in RP11030

### Details

This lightweight rake is designed for spreading, seeding, sifting stones, smoothing and leveling. Additional built-in teeth are designed to effectively sift and screen stones and debris from sand or fine soil. Constructed with a powder-coated 66" blue aluminum handle with 6in non-slip vinyl grip and strong wrap around bracing for max durability and comfort.

- Designed for spreading, seeding, sifting, smoothing, and leveling
- Built-in teeth are designed to sift and screen stones and debris from sand and soil
- Lightweight
- Non-slip vinyl grip
