

Ballshag Tube - Aluminum

RP3536

Details

Eliminate bending over to pick up golf balls in tall grass, mud or hard-to-reach areas. The 38" aluminum tube, holding 23 golf balls, is designed with plastic top grip to protect hands and stainless steel springs to keep golf balls secure without falling out. The slotted tube eliminates dirt build-up and clogging. Reduces back strain. Lightweight aluminum. 21 oz.
