

Solo Piston Pump Backpack Sprayer - 4

gal
RSL425P

Details

The ever-popular piston pump is capable of performing a variety of spraying tasks with a wide pressure range. Each sprayer is equipped with an adjustable, flat spray, hollow cone, and jet stream nozzle to accommodate virtually every spraying need. Built-in strainers and filters keep out debris. Pressure regulated to 15,30,45 or 60 psi by built-in pressure regulating valve. Unbreakable wand prevents damage. Viton seals, gaskets and O-rings provide excellent chemical resistance. Padded straps with pull tabs. Not recommended for abrasive sprays or wettable powders.
