

Quick Dam Sport Savers - 12 in x 24 in - 20/Box RSS1224-20

Details

Don't let the rain stop your game due to wet fields or water filled bunkers. Sport Savers absorbent bags are great for use on athletic playing fields to remove water from the pitchers mound and bases, as well as remove water in golf course bunkers. Simply place in puddle to soak up water then remove and hang to dry. No more raking in heavy fillers causing disruption to your infield or topdressing. Each bag absorbs 4 gallons of water in 10 minutes. Compact, light, economical, and reusable. Non-hazardous, non-toxic, environmentally friendly. Black. Box/20.

- Removes puddles in golf course bunkers, pitchers mound, home plate, bases
- Drop bag into puddle to absorb and retain water for easy removal
- Absorbs 4 gallons of water in less than 10 minutes
- Non-hazardous, non-toxic, environmentally friendly
- Reusable
