

Stabil Replacement Cleats, Steel, Pkg/25 RST-CLEATS

Details

Protect yourself from slippery ice, snow and mud by adding STABILicers MAXX2 soles to your shoes or boots. The MAXX2 lightweight design features the Stabil Traction System with 15 threaded cleat receptacles. The self-cleaning treaded sole is attached and secured to your shoes or boots with adjustable polyester hook-and-loop straps for a quick and secure fit. No stretching required. Ideal for working outdoors, shoveling snow, rock work, winter hiking, hunting or fishing. Made in USA.
