

XP BoomJet Boomless Flat Spray Nozzle

.8 gpm (White)- Right Boom Spray-Polymer

RTJ12XP80R-VP

Details

The XP BoomJet boomless flat spray nozzles feature a unique orifice geometry to produce a wide spray pattern while maintaining superior distribution across entire width. The pre-orifice design maintains drift. Sprays an extra-wide spray pattern, up to 18.5 feet (5.5 meters) using a single nozzle. Removable polymer pre-orifice with acetal construction for excellent chemical resistance. Position tip horizontal to ground with spray pattern down and to the side. Ideal boomless field spray applications for roadside and right-of-way, row spraying, orchard spraying, de-icing and forestry. Recommended spray range: 20-60 PSI (1.5-4 bar). MPT spreads for easy application. Visi-Flo poly.

- Unique orifice geometry produces a wide spray pattern while maintaining superior distribution across entire width.
- Pre-orifice design minimizes drift
- Extra wide spray pattern up to 18.5' using a single nozzle
- Removable polymer pre-orifice.
- NPT or BSPT (male) threads for easy installation.

Specifications

Manufacturer	TeeJet
Color	White
Nozzle Boom Spray Direction	Right Boom Spray
Nozzle Capacity Size	White
Nozzle Material Code	Polymer

O.J. Company

294 Rang St-Paul Sherrington, J0L 2N0
