

3M Wire Marker Tape Dispenser

R3M12174

Details

The ScotchCode STD Tape Dispenser is a compact, carry-along dispenser with ten refillable compartments which hold eight foot rolls of non-smear polyester tape. Used for marking binder groups, wire or cable. The tape's high tack, acrylic adhesive resists solvents, oil and water and adheres firmly to insulation surfaces. An end loop easily hooks the dispenser to a tool pouch or belt.
